Address: Raghavendra Colony, Shaktinagar, Raichur, 58417 (IN)

A passionate Front-end Web Developer with a Bachelor's degree in Computer Applications. I have a strong foundation in various programming languages and a keen interest in creating beautiful and intuitive user experiences.

Education

2021 - 2024

Bachelor of Computer Applications

- Built a college admission software as a student project

Skills

Frontend web development - I excel in frontend web development, specializing in HTML, CSS, and JavaScript. With expertise in Bootstrap, jQuery, and React, I create dynamic and responsive websites that engage users effectively.

UI/UX Designing - My passion lies in UI/UX designing, where I merge creativity with user-centered design principles. Proficient in HTML, CSS, and design tools, I craft intuitive interfaces and prototypes that enhance user experiences.
